

~~SECRET~~

The following individual notes were given to Mr. Lloyd on 8 August 1955:

25X1A9A Gates: State Department got a new organizational structure approved during this session of Congress. Lots more Assistant Secretaries, Deputy Under Secretaries, etc. Suggest [] make a study to see whether we ought to do anything comparable, either with or without legislation. How about asking [] to give his comments by about 1 September.

25X1A9A Gates: 1. [] says Civil Service is going to pay all medical doctors \$100.00 per month extra, as the services do I believe.

2. Amory wants this to apply to doctors in Medicine Branch of OSI.

3. Personnel should report on this immediately and make recommendations as to what we do on an Agency-wide basis.

25X1A9A

Gates: Several days ago I asked [] to do a further follow-up on a rather authentic rumor that AEC and some others were paying scientists (consultants) \$75.00. He was to produce the laws, precedents, etc., to support (or not) our payment of only \$50.00. The Director might ask you about this.

25X1A9A

25X1A9A Gates: Wonder if we couldn't suggest to DD/P that [] and his staff undertake a study of this situation. Looks like we might be able to save some money and some people. Attached to Memo dtd 1 Aug 55 to Colonel White from [], sub: "Survey of []"

25X1A6A

25X1A9A

Gates: Personnel Ceilings [] called - Said DD/I would give up its requested increase of 88 positions for Fiscal Year 1957. For 1956 they will cut back 33 of their requested increase of 161. Presumably then this means they will ask for a net increase of 128. They maintain that with the exception of a few clericals all of them are involved in ELINT, [] etc.

25X1A2D1

25X1A2D1

[] says he will be able to cut back only a very few - 8 people in [] - all involved in standby Commo installations which DD/P wants but which he doesn't think worthwhile. He says he believes we could save 30 people by combining Cable Secretariat with Signal Center. He doesn't want this but does believe [] the saving could be made. We should get the Director's permission and ask General [] w/Mgmt and [] to make a study and submit recommendations. He also feels we should attempt to unified Frequency Usage Bureau (NSC 159) to []
